InDesign to iPad with Adobe DPS
Course Overview

COURSE DESCRIPTION

Learn how to use InDesign and the Adobe Digital Publishing Suite to produce interactive publications for tablets and mobile devices. Techniques taught include: building panoramas, using 3D viewers, incorporating video and audio, animation and linking to online content. Ideal for producing eMagazines, online Annual Reports, How-tos and Course Materials etc. This class is taught by one of the few Adobe Certified DPS Instructors in Australia.

WHAT YOU WILL LEARN

- Preparation of Assets—best file formats for images, video and audio
- How to create a Panorama using third party software, How to create an image sequence
- Creating source documents in InDesign, Linking to the web, Linking to Articles
- Adding interactive objects, Making Folios with Folio Builder
- Previewing and testing on the Desktop Viewer, Uploading to the Digital Publishing Suite
- Previewing and Testing in Adobe Content Viewer, Making Folios available for download

PREREQUISITES

Students should have either completed the 2 day InDesign Essentials course or be confident with InDesign's print publishing procedures, such as Master Pages, linking Text Frames, creating and editing Paragraph and Character Styles and working with Images.

IMPORTANT: Students are encouraged to bring their own mobile device e.g. iPad, Android or Kindle Fire tablet for use during the course. For preview purposes all students need to be able to install an extra app on the device, so you will need your Apple ID password. Also preferable to have an Adobe ID. While an Adobe ID can be created during class, just be aware that this account creation has to be done on a computer, and not a mobile device.
