# Photoshop Lite | Course Overview

## COURSE DESCRIPTION

Want to get up and running with Photoshop, but don't need to learn the whole program? This course is ideal for those who will be using Photoshop to prepare images to a minimum requirement i.e. resize images, crop images, change the brightness and contrast and to prepare images for either print purposes or for your websites etc.

If you decide later to build on your Photoshop knowledge or need more comprehensive training, you can then attend the 2 day Photoshop Essentials course.

## WHO SHOULD ATTEND AND PREREQUISITES

- People who will only be using Adobe Photoshop a few times a month
- People who will need to edit images, but don't need to do high end colour correction work.

Students should have a strong working knowledge of either Mac or Windows.

~~$540~~ $445 (+GST)
